Dear Mr. Pope,

In response to your May 6 letter about our April Quarterly Report we submit the following:

1. A contribution made in the 4th quarter of 2007 was properly reported but coded incorrectly. This caused an error in the aggregate figures for the election cycle-to-date totals. This did not result in an excess contribution or an underreporting of contributions. The error has been corrected by the recoding of the entry.

2. Several schedule A itemized contributions had incorrect aggregate totals for the election cycle-to-date values. These contributor's names were in our database more than once due to different addresses. This error has been corrected by the consolidation of these entries. This did not result in excess contributions or underreporting of contributions.

If you have any questions, please let me know.

Sincerely,

Owen Malcolm
Treasurer
